Thank You!

The Tara "Boom" Houston Children's Foundation is a living legacy in Memory of Tara Houston. Established to improve the lives of families with children who have life threatening illnesses.

Our goal is to help eliminate the financial barriers that may prevent or impede access to treatment and detract from the quality of life for these children and their families.

The Tara "Boom" Houston Children's Foundations's (TBHGF) mandate is to assist families facing financial difficulties due to a child's life threatening illness.

The following are the expenses that the Foundation will provide financial assistance for:

- Travel to and from hospitals or medical facilities to receive treatment.
- Accommodation expenses while the child is receiving treatment at a facility that is outside the geographical area within 200 kilometres of the family's primary residence.
- Treatment not funded by the Ontario Health Insurance Plan or by private insurance held by the family.
- Assistive devices or specialized equipment required as part of the treatment, and not funded by the Ontario Health Insurance Plan or by private insurance held by the family.
- Funds to subsidize daily living expenses of both parents or the primary caregiver (in the case of single parent families) should they become unable to work because of caring for their child as a result of their illness. These funds may be used for mortgage payments, utilities and/or groceries.

Together,
we can help
make the
visions of Tara's
Foundation...

her legacy,
a success
and a
reality!

It only takes a
moment, yet the
result could greatly
improve a
child's life!

How To Apply

Families that wish to apply for assistance are asked to submit a letter to TBHGF. The contact to the Foundation must come directly from the family in need of assistance. Correspondence will be between the family itself and the Board of the TBHGF and be kept strictly confidential.

A letter stating the child's name, age, address and diagnosis is to be sent directly to the Foundation. Included in the initial contact letter should be parent/guardian's contact information, who referred them to the Foundation, pertinent medical information, treatment plans if any and how the funds applied for would be used.

In order to be eligible for assistance, the following initial criteria must be met:

- the child must be 17 years of age or younger
- the child must be a resident of South Western Ontario
- the child must suffer from a life threatening illness
- the family must demonstrate that the child's illness has placed them in financial hardship.

Be sure to visit our website www.tbhgf.com for more information. Available online is a geographical view of the area for the families we are able to assist.
